## Operational Notice

NO 2 OF 2014

### **Stormont, Sinclair and Gotto Wharves – Exposed High Voltage Cabling**

It is noted that on occasions the High Voltage Cabling for the rail mounted cranes has been exposed out of the panzer belt. If this is observed, Port Users must cease operations in the vicinity of the exposed cable and immediately inform Operations Engineering via Port Operations for rectification. Callout of Operations Engineering staff out of office hours can be arranged by the Belfast Harbour Police.
