

## Operational Notice

No.8 of 2022

### Flood prevention investigative works

As part of a programme to create flood protection for Belfast, investigative works utilising boreholes and trial holes will be undertaken.

Work is commencing from Monday 28<sup>th</sup> March 2022 and starting from the Northern Road and working south. Work is to take approximately 4 weeks.

The location of the boreholes (BH) and trial holes (TH) are marked in the following pages.

Some disruption to traffic may be expected, Road Traffic Management will be utilised when required.

A copy of this Operational Notice will be published on Belfast Harbour's Website.

A handwritten signature in black ink, appearing to read 'K Allen'.
